EDUCATION

SRM Institute of Science and Technology

Bachelor of Technology in Computer Science Engineering

GPA: 9.16

Sep. 2022 – May 2026

EXPERIENCE

Software Engineer Intern

Emendo.AI

Mar. 2024 – Present

Remote, USA

- Worked with React Native Expo on the mobile application and Next.js on the website.
- Developed and maintained modular, reusable components using React Native, NativeWind and TypeScript.
- Created and maintained 100+ Maestro tests, helping improve application quality by reducing bugs and ensuring reliable, consistent product performance.

Samsung Prism R&D Intern

Samsung R&D Institute India

Feb. 2024 – Sep. 2024

Remote, India

- Contributed actively to 10+ collaborative ideation sessions, facilitating the investigation and creation 35+ of novel, research-based concepts for the project.
- Directed the development of an MVP with integrated machine learning features, ensuring its successful implementation and deployment.

PROJECTS

Educative.AI | Python, FastApi, React.js, TailwindCSS, LLMs, Tensorflow

- A student aiding and notes organizing application that seamlessly integrates an OCR model and 10+ fine-tuned open-source LLMs, designed to assist with notes alongside blackboard pictures.
- Developed the entire client side application using React and TailwindCSS with FastAPI integration.

One Med | React.js, React Native, Python, FastAPI, PostgreSQL, LLMs, Tensorflow

- Developed a Minecraft server plugin to entertain kids during free time for a previous job
- Published plugin to websites gaining 2K+ downloads and an average 4.5/5-star review
- Implemented continuous delivery using TravisCI to build the plugin upon new a release
- Collaborated with Minecraft server administrators to suggest features and get feedback about the plugin

Paperpilot.AI | React.js, Sk-learn, AWS, Vercel, Python

- Designed and developed a responsive website with an authentication system and a scalable backend.
- Employed KNN, TF-IDF for research paper recommendation and AWS SES for email service.

TECHNICAL SKILLS

Languages: Java, Python, C/C++, JavaScript, TypeScript, Swift

Frameworks: React, Next.js, React Native, Sveltekit

Database & ORM: MySQL, PostgreSQL, Prisma, Mongoose, Redis

Cloud & Devops: AWS, Google Cloud, Supabase, Firebase, Docker, CI/CD

Others: ServiceNow, Microservices, Serverless, Sanity.io, Sentry, Axiom

CERTIFICATIONS

Certified System Administrator

ServiceNow

Issued on: November 04, 2024

Certification number: 25721448

ORGANIZATIONS

SRM NextTechLab

Board Member

- Part of the Board of QS Award Winning undergraduate lab, contributed to a portfolio of web and App based projects, gaining proficiency in various web and app based technologies.
- Collaborated with people in different domains making substantial contributions to multiple open-source projects.
